

HIGH POINT

THE WORLD IS WAITING

In 1986, High Point began organizing church ski retreats and building relationships within the travel industry. The need within churches and ministries for a partner to help handle the logistics of their trips was clear as High Point grew rapidly, sending 20,000 skiers in 2001.

With the goal of continuing to serve those in ministry and make the logistics of travel easier and less expensive for them, we leveraged existing relationships with bus companies and airlines to expand beyond planning ski trips to handling charter buses for camps and conferences and international airfare for mission trips all over the world.

Fast forward to today, we now help more than 50,000 people a year with airfare and over 75,000 people a year with ground transportation, while continuing to organize ski retreats to the Rockies.

We are a family owned, Christian company. We love Jesus and we are focused on the Gospel being proclaimed from the ski top in Colorado to the ends of the Earth by serving those that take it there.

The World is waiting to hear the Glory of the Lord proclaimed. We focus on getting you there, so you can focus on being there.
